KDYŽ ZADĚLÁVÁM TĚSTO,
MYSLÍM NA MNOŽSTVÍ ZRNEK,
KTERÉ BYLO ROZEMLETO NA MOUKU...

KDYŽ TĚSTO KYNE,
MYSLÍM NA TO, JAK KVÁSEK
ZVEDÁ TÍHU MOUKY A VODY...

Opět se překulil další rok a já už zase přemýšlím, co napsat jako úvod výroční zprávy. V květnu už člověk úplně naplno žije rokem novým, a tedy je docela těžké vzpomenout si, co bylo důležité v roce minulém. Navíc, přece jen už jsem v čele ČRDM nějakou tu dobu, a tak mi čím dál víc záleží na tom, sdělit Vám i zbytku světa něco opravdu hezkého.

Náhodně jsem tedy listovala svojí oblíbenou knížkou "Moudrost starého Irska" a našla tenhle citát. Myslím, že přesně vyjadřuje to, co pro mě vždycky ČRDM byla a je. Snažím se, aby i Vy jste měli pocit, že vnímám důležitost Vás, jednotlivých zrněk a že si zároveň uvědomuju, jaká nastala proměna zrněk v kvas a co to všechno znamená. Bez Vás, jednotlivých sdružení, by naše práce a celá ČRDM neměla smysl, ale naše společná budoucnost velmi závisí i na kvalitě kvasu.

Sobě i Vám tedy přeju, aby naše společná cesta byla užitečná, aby usnadňovala Vaši práci a pomáhala zlepšovat atmosféru v celé společnosti. Pak totiž všechno naše snažení bude mít smysl.

Jana Vohralíková

Summary of the annual report 2001

CRDM (Czech Council of Children and Youth) was established in June 1998. It represented 41 associations of 176.243 members by December 31st 2001. The member associations provide an active spending of the spare time for their members and organise a lot of other activities for non-members, too.

ACTIVITIES

Bambiriáda 2001

was already the third annual four-day meeting of the associations of the children and youth, which offer a solution of the problems of the children's spare time to the public and to the representatives of the government and local administration. It stressed the importance of the role of the non-governmental sector in preventing social-pathologic phenomena in the society. Bambiriáda 2001 has taken place in cities all around the country and was visited by more than 130.000 visitors.

Abroad

The CRDM, in its strategy, set the aim to be the official representative of organised Czech youth and its associations on the international forum and thus to contribute to the integration of the Czech Republic into the European Union.

In the year 2001, the CRDM successfully continued to fulfil this vision. It is considered as a credible partner by the European Youth Forum (YFJ) and many national youth councils. It contributed to the to the creation of the White Paper on Youth by participating in several meetings and by organising the first Meeting in the Heart of Europe, which was dealing with the WP themes and strongly supported its creation. In November a representative of the CRDM attended the General Assembly of the YFJ. CRDM was present at many international meetings, including the Youth Forum of the 31st UNESCO Conference.

In the year 2001, the project "evropa.adam.cz" was finalised. Its result is an information server for the Czech youth about Europe and the possibilities there. The project was supported by the Czech National Agency Youth.

WEB Informatics

Besides "Evropa.adam.cz" there were two other areas in this project. "Adam.cz" is an universal information web for leaders, teachers, parents and public area. "Sídlíště.cz" is an information server for children and youth, which deals with the questions of drugs and prevention against drugs.

ARCHA

is the CRDM's information magazine on the non-formal education and the use of the spare time of the children and the youth. 10 issues of Archa were published during the year 2001.

Seminars

CRDM organised four different seminars through the year 2001, which were attended by the representatives and the workers of the organisations of children and youth and by guests from the government administration. The seminars were concerned with the actual problems of the non-governmental sector.

Insurance

The insurance of all members was arranged by the CRDM with the Generali insurance company.
